Events of edacentrum and Partners

The edacentrum acts as a mediator for the exchange of information concerning microelectronics and EDA. In this role it organizes the [edaForum](#), the [edaWorkshop](#) as well as [Technical and Cooperation Workshops](#) and project workshops. For a comprehensive and useful representation with a searching functionality it provides a conference calendar named [edaCalendar](#). Moreover, it supports events whose aim is the technical exchange of information in this area. The following tables show lists of selected future and past events in this context.

Organisation	Topic	Venue	Date
RB NXPN	CODAI 2022 - Workshop on Compilers, Deployment, and Tooling for Edge AI We kindly invite you to submit your research or development projects to the 1st Workshop on Compilers, Deployment, and Tooling for Edge AI (CODAI'22).
