Registration for edaForum18 now possible!

[1]

On **November 6, 2018**, **edaForum18** will take place as an **exclusive event** for members and strategic partners at Sofitel Berlin [2] in Charlottenstraße near Gendarmenmarkt. The event (in German language) will open the evening before with a dinner and a **top-class panel discussion**, before it will be about "**Hardware and Software for Machine Learning**" and "**Sensors and Communication Solutions**" in the morning. Registration [3] is now possible (German language only)!

As part of the evening event in the Brasserie restaurant on Gendarmenmarkt [4], there will be a panel discussion with the participation of Audi, Bosch, Cadence, Infineon, Microchip, Synopsys, Mentor/Siemens and the BMBF on the topic "Innovations Provided by Market Leaders, Enabled by EDA". Video recordings [5] of the two highly acclaimed panel discussions at edaForum17 are available here [5].

With "**Hardware and Software for Machine Learning**" and "**Sensor Technology and Communication Solutions**", the focus on the morning of 6.11.2018 will be on topics that concentrate on the concrete implementation of breakthroughs in central technological innovation fields in applications and products. You can view the exact program here [6] (German only).

Symposium Mikroelektronik im the run-up to edaForum18 Directly following the edaForum18, the 8th Mikroelectronics Symposium [7] organized by VDE and ZVEI will take place in the Berlin-Brandenburg Academy of Sciences near the Gendarmenmarkt, which also supports the dialogue between politics and industry. (Please note, that the conference language is German) The program of the Microelectronics Symposium 2018 follows the motto "Sensors - senses for the digital world".

Current information on edaForum18 and the edaForum events held so far can be found here [8] (German only).
