## Company profile - NXP Semiconductors GmbH

NXP is a newly independent semiconductor company (founded by [Philips](#) <sup>[1]</sup>) with a fifty-year history of providing engineers and designers with semiconductors and software that deliver better sensory experiences for mobile communications, consumer electronics, security applications, contactless payment and connectivity, and in-car entertainment and networking.

Building on its heritage in consumer research, significant R&D investment and world-class industry partners, NXP's "vibrant media technologies" allow consumers to enjoy better sensory experiences - brilliant images, crisp clear sound and easy sharing of information in homes, cars and mobile devices.
